P	Myriophyllum sibiricum	(Myriophyllum verticillatum väärin määritetty)
I	Orthotriccia tragetti	NT aiemmin tunnettu vain Parikkalan Siikalahdelta

CODE: for Birds, Annex IV and V species the code as provided in the reference portal should be used

S: in case that the data on species are sensitive and therefore have to be blocked for any public access

NP: in case that a species is no longer present in the site enter: x (optional)

Unit: i = individuals, p = pairs or other units according to the standard list of population units and codes

Cat.: Abundance categories: C = common, R = rare, V = very rare, P = present

Motivation categories: IV, V: Annex Species (Habitats Directive), A: National Red List data; B: Endemic
